| 10:20        | Station 3     | Infraclavicular                                 |
| 11:00        | Station 4     | Erector spine & Paravertebral                   |
| <b>11:40</b> | <b>Lunch</b>  |   |
| 12:40        | Station 5     | Neuroaxial and Caudal                           |
| 13:20        | Station 6     | Phantom Needling & catheter technique           |
| 14:00        | Station 7     | Rectus sheath, TAP, QL                          |
| <b>14:40</b> | <b>Coffee</b> |   |
| 15:10        | Station 8     | FATE (Focused Assessment Transthoracic ECHO)    |
| 15:50        | Station 9     | Retrobulbar, Infraorbital & Greater Occipital N |
| 16:30        | Station 10    | Cervical Plexus & Flexor Tendon Sheath          |

## Day 2 – Friday 28 July 2023

|              |               |  |
|--------------|---------------|--|
| 09:00        | Station 1     | Ankle                                  |
| 09:40        | Station 2     | Saphenous & Obturator & Adductor Canal |
| 10:20        | Station 3     | Femoral, LFCN & Fascia iliaca          |
| 11:00        | Station 4     | Popliteal & Sciatic N                  |
| <b>11:40</b> | <b>Lunch</b>  |  |
| 12:40        | Station 5     | Basic Lung & Upper Airway              |
| 13:20        | Station 6     | PECS & Serratus                        |
| 14:00        | Station 7     | PENG/HIP & iPAK                        |
| <b>14:40</b> | <b>Coffee</b> |  |
| 15:10        | Station 8     | Free scanning                          |
| 15:50        | Station 9     | Lumbar Plexus                          |
| 16:30        | Station 10    | Axillary N & Suprascapular N           |

## Course venue:

*"This was the best workshop that I attended in years, I learned so much"*

*"This was probably the best course I have been to in ten years. The cadaveric anatomy was informative, well managed and refreshing"*

*"A superb course and very well organised. The speakers were all excellent"*
